

CLUM210, CLUM212 // 100 & 120cm // ON-BOARD MOTOR

Schweigen's undermount CLUM210 & CLUM212 boast power, innovative design and durability. Using only the finest 304 grade stainless steel, these alfresco rangehoods are made considerably more durable for use in an outdoor room or under-cover patio.

Their sleek, undermount design integrates seamlessly into any alfresco cabinetry and outdoor dining area. With easy-to-use, push button controls, you are able to choose from 5 powerful speed levels originating from the twin, in-built motors. The CLUM210 & CLUM212 ensure efficient extraction of heavy smoke and grease created from any Australian barbecue.
